Subject: Economic Stimulus Discussion

Hi Steve,

- We need to have both a Warrant Article discussion and an Economic Stimulus (Recovery and Reinvestment Act) Discussion.
- For Warrant Article discussion a list of all the placeholders with TAC Shuttle added should suffice. Can this be added in?

We will go down the last and vote—

1. Is it on the Warrant or not?
2. Do we recommend or not recommend?

We need to determine the order—can this wait until March 9th????

- For Economic Stimulus, a list of categories, and then separately, the list of projects (which are in there now under "Warrant") should be under there.
- Budget Discussion is all set, though we can add Paulina's summary that she sent to the Board when she feels it is ready.

After reading through Roland's bylaw for the Plexiglas (Lexan) instead of plywood—with the caveat that the Fire and Police would need to approve, I am inclined to consider that it be put on—or at least to see if the rest of the Board is interested in putting it on. It is late, but it is a more or less simple yes/no. It is in our packet so that is why I bring it up.

All else looks good. It will be a long meeting but I will announce ahead of time that we will be strict about moving on and keeping to the time.

Lauren
